

Limited Edition

CANVAS & ALUMINUM

Zak Noyle's surf photography is available on cotton canvas printed with archival inks and on aluminum panels with the ink carefully infused into the surface

GICLÉE ON CANVAS

Limited Edition giclées on cotton canvas are printed with archival grade inks and are available either stretched and secured over wooden bars with gallery wrapped sides, or as a rolled canvas for custom framing.

ALUMINUM PRINT

Limited Edition aluminum prints are created using a special technique that infuses ink into aluminum sheets with a luminous, high definition appearance. It is finished with a special protective coating and comes ready to hang using a float mount.

MATTED PRINTS

Zak Noyle's surf photography is available on high quality Chrome or Bamboo paper

PAPER TYPES

All Zak Noyle surf prints are mounted in a hand-signed white mat and are enclosed in a cellophane bag with artist bio sticker on the back, ready for retail sale. Matted prints are offered in two paper types:

- **CHROME PAPER** - Metallic photo paper with a high gloss finish; a favorite paper type for professional photographers.
- **BAMBOO PAPER** - The world's first fine art inkjet paper made with real bamboo fibers, and features a matte finish with deep, vibrant colors. Bamboo is a beautiful eco-friendly alternative.

Limited Edition

SPECIALTY PRINTS

Zak Noyle's surf photography is available on cotton canvas printed with archival inks and on aluminum panels with the ink carefully infused into the surface

PANORAMIC GICLÉE ON CANVAS

Panoramic giclées capture an elongated field of view for an especially dynamic image proportion. These Limited Edition giclées on cotton canvas are printed with archival grade inks and are available either stretched and secured over wooden bars with gallery wrapped sides, or as a rolled canvas for custom framing.

MULTI-PANEL ALUMINUM PRINTS

Multi-Panel Aluminum Diptych, Triptych, and 4-Panel prints split an image into equal sections that enhance the beauty of the original photograph. Limited Edition aluminum prints are created using a special technique that infuses ink into aluminum sheets with a luminous, high definition appearance. It is finished with a special protective coating and comes ready to hang using a float mount.

Information is accurate as of publication date, but prices and availability are subject to change. Call for current information. All prices are in USD. Black Sand Publishing is not responsible for any typos or mistakes in the catalog and will only honor correct prices. We reserve the right to create Artist Proof editions of these pieces at a later date. By using this catalog, you agree to our terms and conditions.
